CASE NO. C17-1218RSM

MINUTE ORDER

13 The following MINUTE ORDER is made by direction of the Court, the Honorable
14 Ricardo S. Martinez, Chief United States District Judge:

15
16 On October 22, 2018, the parties filed a Joint Motion and Stipulation for a Continuance
17 of the Trial Date and Expert Disclosure Deadline. Dkt. #41. The parties indicate that one of the
18 plaintiffs is scheduled to undergo surgery allegedly related to the accident at the center of this
19 dispute. The parties also indicate that liability discovery is almost complete, with further
20 discovery as to damages anticipated. As a result, the parties request that the Court strike the
21 current trial date, continue the deadline for disclosure of expert testimony, and schedule a status
22 conference on January 22, 2019, to set new dates for trial and pretrial filings.

23 ///

24 ///

25 ///

1 At this time, the Court STRIKES the Joint Motion.¹ The Court will not vacate the trial
2 date without setting a new trial date and does not believe that a status conference with the Court
3 is necessary to set a new trial date.² The Court also notes that the parties appear to seek
4 continuances of other pending deadlines that they do not clearly identify. Dkt. #41 (discussing
5 further discovery left to be accomplished, requesting a date for disclosure of expert reports after
6 the close of discovery, and discussing medical discovery necessary after recovery from surgery
7 in January, 2019). Nothing in this Minute Order prevents the parties from refiling their request
8 for a continuance of the trial date to a date the parties believe the case will be ready for trial or
9 from requesting modifications to the Court's current scheduling order, as subsequently modified.
10 Dkts. #25, #38, and #40.
